## **St. John the Evangelist School Mission Statement**

St. John the Evangelist School, as part of the St. John the Evangelist Parish, exists to:

**Embrace and enhance our Catholic faith by living out the Gospel message**

**Dedicate ourselves to providing the best education possible**

**Unlock the full potential of all students and faculty**

**Create an environment where everyone feels welcome and cared for**

**Appreciate and celebrate our diversity**

**Teach our students the skills essential for lifelong learning**

**Enable our students and staff members to be caring members of our community.**

## **Our Philosophy**

St. John the Evangelist, a Catholic Institution in the Arch Diocese of Chicago, believe education is a freedom which supports personal values and contributes to a responsible human society.

As educators:

We encourage children to accept Christ and to live out His Gospel teachings.

We give witness to Christ by the power of example, thus building a caring community.

We establish programs and activities to enable our students to function as Catholic Christians in today's society.

We motivate students to achieve their highest individual potential by meeting their individual needs.

We challenge students to accept responsibility for themselves and their actions.

We guide students to an understanding and appreciation of the environment.

We instill a desire for the formation of an informed conscience as Catholics and citizens in a free society.

We encourage participation and leadership in religious, civic, and social communities.

The children of St. John the Evangelist are separate individuals who approach the world of learning with various levels of development, natural ability and backgrounds.

We believe that the students and faculty are partners in learning. Teachers are learners as well as the children and, through verbal and behavioral dialogue, all are challenged to go beyond themselves in the lifelong pursuit of education.

## **Principal's Right to Amend Parent Handbook**

Statements in this handbook are subject to amendment with or without notice. The school will attempt to keep the parents/guardians informed of all changes on a timely basis. Some changes might be made immediately due to unforeseen circumstances.

## Care of Property

All school uniforms and gym uniforms are to be clearly marked with the student's name. Students are responsible for their personal belongings. It is suggested that valuable personal items not be brought to school. Students should not carry large sums of money with them. All hard covered books are to be covered. Each child should have a school bag to protect books and other materials going to and from school. Each student should take pride in caring for the parish and school equipment, buildings and grounds.

## Absence/Attendance

**Students are expected to attend school EVERY DAY for the entire school year.**

Excused Absences = Absent with Valid Cause (AE will be indicated in PowerSchool)

The following will apply for a student's absence to be reported as excused:

1. The parent/guardian must call or email the school at [school@mystjohns.org](mailto:school@mystjohns.org) or 630-289-3040 x200 by 9:00 a.m. When there is no call, the school calls the parent. It is a time-consuming procedure, but it insures our knowledge of the child's well-being. The call should be made each day a child is absent. This applies to all grades, Pre-k through 8<sup>th</sup>.
2. The parent/guardian provides at least one "valid cause" for the student's absence.

Valid causes include the following:

- Student Illness
- Family Emergency
- Death in the family
- Documented attendance in court
- Documented medical and dental appointments
- Circumstances which cause reasonable concern to the parent for the safety or health of the student
- Administrative placement out-of-school or administrative authorization

**Students must be present in school to be eligible for after school activities. This includes, school concerts, band, skating parties and all sports.**

**Any student who misses 3 or more days of school for an illness, MUST have a doctor's note stating they were seen by the doctor and may return to school**

## Unexcused Absences = Absent without Valid Cause (AU will be indicated in PowerSchool)

The following will apply for a student's absence to be reported as unexcused:

1. The parent/guardian fails to provide a valid cause for the student's absence; or
2. The parent/guardian fails to contact the school prior to the student's absence or by 9:00 a.m. on the day of the absence.
  - If a student is absent from school, and there is no notification that the absence has been authorized by the parent/guardian, school staff will attempt to contact the parent/guardian within the first 1 hour on the day of the absence to find out why the student is missing from school.
  - If a parent/guardian cannot be reached or does not respond, the unexcused absence will be marked AT (Truant Absence) on report card.

All school work must be made up within a reasonable amount of time. You may ask for work on a daily basis to be picked up at the end of the day or sent home with another student.

## Tardiness

Students who arrive to school after the day has begun are considered "tardy". Excused tardiness to school must meet the same general criteria as an excused absence. The status of tardiness due to circumstances beyond students' and/or parent/guardians control such as accident or poor road conditions, will be determined by school administration.

Excused vs unexcused tardiness:

- Will be issued an **excused** tardy if they arrive within the first 20 minutes after the start of the school day (AE will be indicated in PowerSchool)
- Arriving more than 20 minutes after the start of the day is considered **unexcused** (AU will be indicated in PowerSchool)

## Truancy

School attendance is compulsory for children aged six (6) through sixteen (16) in the State of Illinois. The responsibility for compliance belongs to the parents/guardian of the child. If a student is absent for all or a portion of the school day-without valid cause, the student's absence is truancy and unexcused. Valid cause includes illness of the student, death or other emergency/extraordinary circumstances. Excessive absences or tardies affect a student's education and increase the chance for failure.

**Effective 7/28/11, Public Act 97-0218 of Illinois state law now defines habitual truant as a student that misses 5% of the previous 180 regular attendance days.**

- Legitimate, chronic illness and other extenuating circumstances will be considered in calculating percentages of days absent. Parents are encouraged to schedule medical, dental and other necessary appointments at times other than during the school day.

## **Family Vacations**

The school discourages vacations or trips taken during the school year. Valuable instruction time is lost and the quality of schoolwork suffers when it is unaccompanied by instruction. Parents planning a vacation that requires a child's absence from school should discuss the matter with the child's teacher well in advance of the departure. **Teachers are not required to provide work for students in advance of family vacations.** Makeup work following vacations should be completed as directed by the teacher. A written note must be sent to the teacher and the office before the planned vacation.

## **School Medication Procedures**

No student shall be allowed to possess or consume any prescription or non-prescription medication unless a complete Medication Authorization Form is on file in the office.

Parents/Guardians have the primary responsibility for the administration of medication to their children. If medication needs to be taken during the school day a parent/guardian must distribute.

It is the policy of this school that school personnel, including teachers, administrators, and staff, shall not administer medication to students except as stated on the Medication Authorization Form.

## **Asthma Inhalers**

Students who suffer from asthma are required to bring a Medical Authorization Form signed and dated by both the doctor and parent. The inhaler is kept in the school office and can be accessed if needed.

## **Emergency Forms**

A family emergency form is distributed to the students at the beginning of the school year. This form must be returned to the school listing the names of responsible, available persons who can be contacted by the school office in the event that a parent cannot be reached in an emergency. Please notify the office of any changes in this information.

Parents are contacted when a child becomes ill or has an accident. The form is clearly marked with instructions on whom we should contact first in the event a child becomes ill during the day. If mom is put down on the form as the 1<sup>st</sup> contact person, then that is who the office will contact first. If no answer, we will move down the form to the 2<sup>nd</sup> contact person and so on.

## **Health Requirements**

St. John the Evangelist School follows the guidelines set forth by the Cook County Health Department and the State of Illinois. All children in Illinois shall present proof of having had a health examination **before** the first day of school.

Students who are not immunized for medical or religious reason, must provide a doctor's statement.

If a child is not in compliance with the health and immunization requirements by the first day of school, **the principal shall exclude the child from school until the child presents proof of having had the health examination.**

## Sick Day Guidelines: Making the right choice!

Dear Parents:

To help prevent the spread of illness, we would like to give you some guidelines to help with your decision on whether or not to send your child to school. We ask that you keep your child home if he or she:

- Excessive tiredness or lack of appetite
- Headaches, body aches, earaches
- Severe sore throat (*could be strep-throat even without fever. Other symptoms of strep throat in children are headache and stomach upset. Contact your pediatrician to access or diagnose*).

If your child has recently been ill, please be aware of the following guidelines before having your child return to school, athletic or social activities:

- Be free of fever for **at least** 24 hours (**without medication**)

- They should feel fit for at least 24hrs

To keep children healthy, make sure they have plenty of rest, fluids and a nutritious diet. Show your child the proper way to wash their hands and to do it frequently throughout the day. Make sure to use soap & water and to rub hands together for at least 20 seconds. Limit touching areas such as the eyes, nose or mouth. Teach your child to cover coughs and sneezes with a tissue or their arm. Minimize the time your child spends with others who are ill.

**Please notify the school if your child has been diagnosed with a contagious condition such as influenza, strep throat, chickenpox, scarlet fever, pertussis, mono, etc.**

Call or email the school office if your child will be absent. You must call each day your child is out.

**7<sup>th</sup> Grade World Tour**

## **Hot Lunch Program**

Students in grades K-8<sup>th</sup> may pre-order hot lunch on the St. John’s website at [www.mystjohns.org](http://www.mystjohns.org). Orders take place a month in advance. Milk orders must also be pre-ordered. There may be “special lunches” which students may order. On these special lunch days, milk and regular hot lunch is not available. If a student wishes to not order the “special lunch”, a brown bag lunch with drink will need to be sent from home. Please refrain from sending “FAST FOOD” for your child.

## **Recess**

All students will have approximately 20 minutes of outdoor recess (weather permitting). We will go outside if the temperature is above 10 degrees. Please keep this in mind in the winter months and send outdoor gear accordingly. Recess will be supervised by volunteer parents.

## **Bullying Prevention**

We believe in dignity and respect of each individual created in the image of God. Bullying is defined as a deliberate and often repeated attempt to intimidate, embarrass, or harm another person. There are several types of bullying: Physical, Verbal or Cyber bullying.

**Bullying** can take many forms, including violence, harassment, threats, intimidation, stalking, cyberstalking, theft, public humiliation and retaliation for asserting or alleging an act of bullying. This can be through Physical, Verbal, Emotional and/or Sexual abuse.

**Cyber bullying** can include all of the above as well as the use of electronic tools, devices, social media sites, blogs, and websites to harm a student or students with electronic text, photos or videos.

No student shall be subjected to bullying:

- During any school sponsored program or activity, while in school, or on school property
- During school sponsored or school-sanctioned events or activities
- Through the transmission from a school or home computer network, or other similar electronic school or home equipment

All members of the school community, parents/guardians, teachers, staff, administrators and others are expected to work together in preventing bullying and promoting Gospel values in a Christ like environment. Students are expected to participate in age appropriate educational programs that address bullying and teach respect for all.

Bullying by a student or students may result in suspension and /or expulsion from school.

## **Drug-Free School/Student Substance Abuse Policy**

Possession, use, or distribution of any substance which is otherwise unlawful, or which the student believes or represents to be unlawful for a student to possess, use, or distribute, may result in suspension and/or expulsion from St. John the Evangelist School.

Items covered would include all illegal substances, drugs, alcohol, and drug paraphernalia and weapons.

Any incident that occurs during the regular school hours, in the building or school grounds, or while in attendance at a school sponsored activity during or outside normal school hours shall be covered by this policy.

School personnel who observe or have reason to believe that a student is engaged in illegal activity involving substance abuse shall report that activity to the principal. Principal will call police as needed.

### **Procedures for handling violations**

- Suspension pending school investigation.
- Conference with principal, parents, child, pastor, and other appropriate persons as determined by the principal. Appropriate confidentiality shall be maintained.
- If the violation is founded, professional evaluation, and if necessary, treatment shall be provided by parent/guardian. When pastoral and rehabilitative measures have been exhausted with no success, the principal may choose suspension and/or expulsion. In extreme or special circumstances, expulsion may be considered at an earlier time in the process.
- Police notification shall be made at the appropriate time, as directed by law.

- Mitigating circumstances warrant differences in procedures, i.e., first offense, age, seriousness of offense, prior conduct, cooperation of parents, attitude of student, initial success of rehabilitative measures, etc.
- Early intervention in substance abuse cases is essential. Although we cannot force or financially support a family to seek professional assistance, we should recommend treatment programs in which a family could take advantage.

## **Weapons**

To uphold the dignity of the human person, and provide a safe, secure environment:

- Students shall not carry, possess, or use weapons in school or on school premises
- Weapons include but are not limited to the following: knives, handguns, brass knuckles, bats, pipes, sticks and any other object that causes bodily harm

School authorities have the right to inspect and search lockers, desks, and school property.

Parents/guardians of the students involved shall be notified as soon as possible. Students who violate these directives are subject to suspension and/or expulsion.

School officials are required to report weapon violations to the local police. Principal will contact State Police through SIRS. The weapon is turned over to the local police jurisdiction.

## **Searches Conducted by the School Personnel**

All property of the school, including desks and lockers, as well as contents, may be opened, searched or inspected at any time without notice. School personnel have an unrestricted right to search this property as well as any containers, book bags, purses, or articles of clothing that are left unattended on the school campus.

## **Missing Children Records Act and Legislation**

As a non-public school, St. John the Evangelist School must receive certified copies of birth certificates for each new student enrolled. The school notifies the parents/guardians that such documentation must be submitted upon enrolling the student. The certified document is copied by a member of the school office staff and initialed to acknowledge a certified document was delivered at registration. Certified copies of transfer student records must be requested within fourteen days of enrollment; the school sends unofficial records of students transferring to other schools within ten days of the request.

The Illinois Missing Children Act requires schools to notify local authorities when an official copy of the birth certificate isn't received within 30 days of enrollment. At 30 days, the school is required to notify the parent/guardian in writing that they have ten days to submit an official copy of the birth certificate. If the parent/guardian fails to comply, the school is required by law to notify the police for a possible missing child investigation.

Upon notification by authorities that a student is missing, the administrator shall flag the birth certificate record of that student. Said record shall be kept in a specific file held apart from the student file.

## Child Custody

### **Release of a child to a non-custodial parent:**

A court order is required to prevent a non-custodial parent access to the child or to school visitation rights. This includes the release of the child to the non-custodial parent in addition to school visitation rights.

If it is determined by the school that the custodial parent may not be expecting release of the child to the non-custodial parent, the school will contact the custodial parent. The custodial parent will be informed immediately that the non-custodial parent is requesting release of the child.

The school will never release a child to a non-custodial parent if there are concerns regarding the child's welfare and safety. In such cases, the non-custodial parent may be denied access to the child. If necessary, local law enforcement will be contacted.

## Child Abuse

The protection and welfare of the children entrusted to our care is a goal and responsibility to which we willingly dedicate ourselves. The fulfillment of this responsibility requires constant vigilance and concern in all areas of the school operation. This is particularly true in the very sensitive and critical area of child abuse. Our responsibilities and concern for the family require us to approach this sensitive area with great prudence and discretion and avoid any unnecessary embarrassment to those involved.

### **Suspected Child Abuse/Neglect by Person Responsible for Child's Welfare**

The *Illinois Child Abuse and Neglect Reporting Act* mandates that school personnel report alleged or suspected child abuse and/or neglect to the **Illinois Department of Children and Family Services** when the alleged abuser is a parent, guardian, relative, or other caretaker who has some responsibility for the child's welfare at the time of the abuse or neglect.

Illinois law requires school personnel to notify DCFS even if there is a suspicion of child abuse or neglect. Thus, the school professional need not have proof or convincing evidence of the abuse; merely suspicion of abuse make a call to DCFS necessary. Furthermore, Illinois law protects school professionals from litigation if the DCFS call was made in good faith.

## Parent/Guardian Conduct

As partners in the education of children, the parent/guardian in the local school community is expected to demonstrate respectful behavior at all times with faculty, administration, support staff, students and volunteers whether on or off school grounds including social media or at school-related events. If, in the opinion of the principal, that partnership is no longer viable, the school reserves the right to require the parent/guardian to either remove their child (ren) from the school or not accept registration for the next school year.

## Harassment and Battery

The Pastor, administration, and staff of St. John the Evangelist School believe that all students and employees are entitled to work and study in school-related environments that are Christ-centered and free of harassment.

The school will treat complaints of harassment seriously and will respond to such complaints in a prompt, confidential, and thorough manner. This includes but is not limited to student harassment as well as parent to parent, parent to staff and staff to parent. Harassment of any type will not be tolerated and appropriate disciplinary action will be taken. Disciplinary action may include suspension, expulsion or termination.

**Examples** of harassment may include, but not limited to:

- Verbal or written taunting
- Bullying
- Offensive, intimidating, hostile or offensive conduct
- Ranking/rating of personal characteristics such as race, disability, ethnicity, or perceived sexual orientation

Jokes, stories, pictures, cartoons, drawings or objects which are offensive, tend to alarm, annoy abuse or demean an individual or group

**The principal will immediately notify local law enforcement officials of written complaints from school personnel concerning issues of assault, battery or any threat of force or violence directed toward any school personnel or student.**

## Volunteers and Safe Environment Compliance Procedures

There are many opportunities for parents/guardians to volunteer their time and talent! Volunteers make it vital to our success! Individuals who choose to be a vital part of the school by sharing their time, treasures, and talents with students and staff, are required to complete a list of tasks/trainings that come with volunteering. Whether it be in a classroom setting or a field trip, all steps must be completed per the Archdiocese of Chicago. It is our mission to protect children and young people.
